A CONVERSATION WITH **SENATOR SCOTT WIENER**

EXCLUSIVE MEMBERS-ONLY EVENT

With his thoughtful and at-times progressive leadership, Senator Scott Wiener is never one to shy away from a hard issue as one more challenge to collectively overcome. As a prolific author of significant Senate Bills, the Senator addresses the implications that access to basic housing and services such as healthcare and working family support has on our larger communities. His bill SB-50, recently dismissed from session, encouraged transit-oriented at-market and below-market-rate housing development to fill California's crisis-level needs.

With so many municipalities across California struggling with issues of homelessness and the rising poverty line - the inequalities, human suffering and economic damage that shadow both - join us in a conversation with the Senator on the role of State legislation in pushing positively towards greater social impact and plan towards a new tomorrow!
